BRAKE BOOSTER UPGRADE

Introducing the **Bendix Ultimate 4WD Brake Booster Upgrade**, an essential addition for 4WDs towing or carrying heavy loads. With this easy-to-fit upgrade, braking performance is increased by up to 30%.

The **Bendix Ultimate 4WD Brake Booster Upgrade** uses dual-diaphragm technology and is ADR compliant. The upgrade has been designed to be a direct 'bolt-in' replacement for original equipment (OE), single-diaphragm brake boosters.

4WD vehicles fitted with added mass and larger-diameter tyres require higher brake pedal pressure for effective braking.

Brake pedal pressure required and braking effectiveness (including improved stopping distances) can be achieved by fitting a dual-diaphragm booster.

DUAL
DIAPHRAGM

ULTIMATE 4WD BRAKE BOOSTER UPGRADE

FEATURES:

Partner with Bendix Ultimate 4WD Brake Upgrade Kit

Bolt in replacement

ADR Certification details included

BENEFITS:

- Improved Brake performance for your 4x4
- Reduce Pedal effort and improve braking performance
- Installation instructions included
- All information required for Engineering / Transport Authority

4WD ULTIMATE BRAKE BOOSTER UPGRADE

VEHICLE APPLICATIONS

MODEL	SERIES	DESCRIPTION	YEAR	BHK PART #
TOYOTA				
Land Cruiser	VDJ76/78/79	With ABS and with ABS+VSC	08/2012 - On	U4WD-BBLC7ABS
Land Cruiser	VDJ76/78/79	No ABS	01/2007 - 08/2012	U4WD-BBLC7N0ABS

DUAL DIAPHRAGM BOOSTER: HOW DOES IT WORK?

The level of assistance can be increased (effort required to press the pedal reduced), by either:

- Increasing the area of rubber diaphragm
- Increasing the pressure differential (vacuum pressure)

The **Bendix Ultimate 4WD Brake Booster Upgrade** uses dual (tandem) rubber diaphragms to effectively double the diaphragm surface area without significantly increasing the size of the canister.

This allows the **Bendix Ultimate 4WD Brake Booster Upgrade** to be a 'bolt-in' replacement for OE brake boosters.

When the **Bendix Ultimate 4WD Brake Booster Upgrade** is paired with the **Bendix Ultimate 4WD Brake Upgrade Kit** additional braking performance gains will also be enjoyed.
