

COMMERCIAL BUS DATABOOK 2018

*Put your foot down
with confidence™*

*Bendix brake components are appropriate for the purpose intended and if installed by qualified staff, to the vehicle manufacturer's specifications, can be used in logbook servicing.

COMMERCIAL VEHICLE BRAKE SHOES

Brake shoes consisting of brand new OE quality shoes lined with long-lasting Protrans braking materials. The range includes references to cover most popular commercial vehicles.

FEATURES	BENEFITS
Manufactured to ISO9001 standards	Duty of care
Electro hardened journal ends	Reduces wear rate
Indented webbing	Provides additional strength
Steel rivets	Greater reliability at high temperatures
Radius ground	Easy fit, no fuss
Hardware kits included	Ready to fit

COMMERCIAL VEHICLE DISC PADS

Disc pads designed to withstand the extreme demands of heavy duty operation giving you braking confidence and safety on the road when you need it most.

FEATURES	BENEFITS
E-Mark regulation 90 approval	Proven performance testing
OE quality	Low fade, safety and durability
Low pad wear	Extended servicing intervals
Comprehensive range	Covers most popular applications
Hardware included	Ready to fit

COMMERCIAL VEHICLE BRAKE LININGS

A multi purpose material that can be used in a range of applications including heavy duty trucks, light truck, trailer and common general purpose axles.

FEATURES	BENEFITS
Resistance to high temperatures	Stable across various applications
Reduced drum and component wear	Reduced replacement cycles
Ceramic formulation (NAO)	Cleaner technology, smoother braking
Stable operating performance	Improved safety
Comprehensive range	Covers most popular applications

ALSO AVAILABLE FROM BENDIX:

BRAKE SHOE HARDWARE KITS

Outstanding product performance and customer satisfaction require high quality accessory components.

The Bendix hardware kits are included in the brake shoe kits or can be purchased separately, they come with all the components you need, including the springs, pins, retainers and rollers. The range includes references to cover most popular commercial vehicles and trailers.

ANCILLARY SOLUTIONS

The Bendix Ancillary Solutions range is designed to compliment the Commercial Vehicle products, offering you all you need to complete the perfect brake change.

Bendix DOT 3 & DOT 4 Brake Fluid are high performing Polyglycol type fluids engineered to minimise brake part corrosion while friendly on rubber parts.

Bendix Brake Cleaner & Parts Degreaser is a fast acting cleaner and degreaser that works effectively, while being non-corrosive, non-staining and leaving no residue on surfaces.

Bendix Ceramasil Brake Parts Lubricant reduces noise, wear and corrosion, providing absolute confidence in every brake pad change.
