

Bendix

ULTIMATE

**SPORTS &
PERFORMANCE
DISC ROTORS**

**ABSOLUTE STOPPING
POWER**

Scientifically designed to cool your brake system

■ **High Carbon Metallurgy:**

Increases brake performance & stopping power

■ **Diamond Tip Slot:**

Specifically designed slots and v-shaped dimples to more efficiently expel gasses, dirt and water

■ **Swiftfit:**

Protective zinc coating which is ready to fit

**HIGH CARBON
METALLURGY**

**DIAMOND TIP
SLOT**

SWIFTFIT

ULTIMATE SPORTS & PERFORMANCE DISC ROTORS

ABSOLUTE **STOPPING POWER**

Behind every Bendix Ultimate disc brake rotor lies OE expertise, leading technology and precision engineering so you can put your foot down with confidence™.

Bendix Ultimate Rotors offer the very latest in braking technology and manufacturing processes. Innovative technologies like, HIGH CARBON METALLURGY increases brake performance and stopping power, Diamond Tip Slot that are specifically designed slots and v-shaped dimples to efficiently expel gasses, dirt and water. All completely coated in our advanced protective zinc coating for a SWIFFFIT, allowing for a faster, easier installation. Bendix Ultimate rotors are the perfect complement to the extensive Bendix brake pad range.

These leading technologies combined with Bendix's unparalleled experience and absolute quality assurance ensure the Bendix Ultimate brake disc rotors are ready for the demands of today's vehicles and beyond.

A Complete Brake Solution Range from a Trusted Source

Just like a chain, a braking system is only as strong as its weakest link. As an OEM, Bendix ensures the highest levels of quality and reliability in its products.

Bendix offers its partners in the industry more than just brake discs, also other high-quality components that complement each other perfectly - all from a trusted source.

Quality straight from the casting thanks to proven HIGH CARBON METALLURGY, provides improved thermal stability & conductivity, and reduces the chance of warping when very hot.

The highest level of accuracy based on OE specifications for size, diameter and hole spacing for highest reliability and perfect fitting.

Diamond Tip Slot's that are specifically designed unidirectional slots and v-shaped dimples to efficiently expel gasses, dirt and water!

Faster installation SwiftFit coating for fitting without pre-cleaning, with corrosion inhibitors for a great look and will not degrade over time.

Perfect brake cooling and the best possible thermal relief of the brake disc due to the highly effective interior ventilation design.*
